This column is conducted and under the entire supervision of the Women's Christian Temperance Union of Versailles.

Salekeeper's Advertisement.

Having opened a licensed shop for the sale of liquor in this place, I embrace this opportunity of informing you that a few years ago I commenced the business of making drinkards, paupers and beggars for the industrious and respectable for the community to support.

I shall deal with familiar spirits, which will invite me to riot, robbery and bloodshed, and by so doing diminish the comforts, increase the expense and endanger the welfare of the community.

I will, for a small sum undertake upon short notice and with the greatest expedition, to prepare victims for the poor house, asylums, prisons and the gallows. I will furnish an article suited to the taste which will increase the number of fatal accidents, multiply distressing diseases and render those comparatively harmless incurable. I will deal in drugs which will deprive some of life, many of reason, and most of property, and all of peace, which will cause fathers to become fiends, wives to become widows, children to become orphans and all to become great sufferers.

I will cause the rising generation to

grow up in ignorance and prove a nuisance to the nation.

I will cause mothers to forsake their children, and priceless virtue no longer to remember its value.

I will endeavor to corrupt the ministers of the gospel, defile the purity of the churches and cause spiritual, temporal and eternal death. If any should be so impudent as to ask why I have the audacity to bring such accumulated misery upon a comparatively happy people, my honest reply is "Money."

I live in a land of liberty. I have purchased the right to demolish the character, destroy the health, shorten the lives and ruin the souls of those who choose to honor me with their patronage; come one, come all! I pledge myself to do all I have herein promised. Those who wish any of the evils above specified brought upon themselves and their dearest friends, are requested to meet at my "bar," where I will, for a few cents, furnish them certain means of doing so.

Texas Becoming a Prohibition State.

The tidal wave of liquor prohibition continues to sweep Texas. One hundred and thirty counties have voted total prohibition and 55 others have partial prohibition.

That is the country proclaims are prohibition and in the larger towns, only like Dallas and Fort Worth is the sale permitted. This leaves only 57 counties in which liquor is sold unrestricted by any subdivisional lines. Gov. Latham is a strong prohibitionist and is being looked to to help the movement along.

It would be hard to conduct family prayer around a case of beer.

The W. C. T. U. will meet every two weeks on Wednesday afternoon at 4 o'clock at the Baptist Church.

The Young Peoples' Reading Circle will meet at the home of Gregg Gunn Saturday eve, Aug. 1st at 8 o'clock.

The Loyal Temperance Legion will meet at the Presbyterian Church Friday afternoon at 2 o'clock. Children come and learn something to your interest.

Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving me first relief, and the second entire relief. I can give it unqualified recommendation. 25c, 50c and \$1.00 at Witten Drug Co."

Railroad News

A number of interesting railroad news items from the Pleasant Hill Times will be found below:

A steam mixer is working on the Rock Island between here and Greenwood making concrete for bridge work.

Many farmers in Benton county are making from \$5 to \$8 a day hauling rock from the crusher south of Windsor to the new R. I. line.

Rock Island surveyors were working between the Rock Island and Lake Leonard Tuesday. The new road will probably take water from the lake.

A rock crusher is at work at Greenwood crushing stone for the Rock Island. It will probably furnish all the crushed rock for the bridge work here.

Contractor Loveless' Rock Island grading outfit which has been working near Leeds, passed through here

Sunday bound for a point on the new road south of Holden. The outfit is a big one and created quite a stir in passing through.

The colored cooks in the railroad camps east of Cole Camp, and one or two between there and Windsor, went on a strike the early part of the month. They were getting \$50 a month, with two bunkies each, but were dissatisfied and wanted \$4 a day. The vacancies were supplied.

A new town is to be platted on the Rock Island in Johnson county. It will be called Leroy. Lots will probably be on sale by Sept. 1st. It will be six miles from Kingsville, five from Latour, between eight and ten from Holden, 23 from Chilhowee and about 10 or 12 miles from Pleasant Hill.

Wm. McKay, straw boss for Contractor Bergreen who is driving a tunnel for the Rock Island through Raytown hill, was killed by a blast in the tunnel about 3 o'clock Sunday afternoon. McKay working with a slow fuse on a lower level, didn't see the setting of a time fuse above until too late. When the time fuse blast exploded McKay was terribly mutilated and instantly killed, the body being buried under a deluge of rocks from above. McKay was about 40 years of age and is said to have had only one known relative a brother, who cannot be located. The body rests now in what soon will be "an unknown grave."

Where They will Teach.

As all of our readers are interested in the schools of Morgan county, we herewith present a list of schools in the county with the names of the teachers who have been employed to teach them the coming fall and winter. While this is not a complete list, it is correct as far as obtained. Any others who may know of teachers employed outside of the following, will confer a favor by sending us same for publication.

The Buffalo school will be taught by Owen Todd.

Miss Stella Cooper will teach Atkinsville school.

Miss Ursula Hatfield will teach the Salem school.

James Todd will teach the Walnut Grove school.

Miss Cecile Burns will teach the new No. 4 school.

George Napier has secured the Bethel school.

Sunny Side school will be taught by Leslie Forster.

Cleveland Todd has secured the school at Self's Chapel.

Prairie Dale has secured the services of Miss Mary Ramey as teacher.

Robert Short teaches the Prairie Valley school the coming term.

Miss Lulu Sims has been employed to teach the Glenstead school.

Miss Fannie Polston has been employed to teach the Oak Grove school.

J. F. Johnson will manage the St. Martin school this coming school term.

The directors of the old No. 4 school have employed Miss Nellie Allen for the fall and winter.

CARVER.

Mr. and Mrs. Jacob Cline contemplate visiting relatives in Oklahoma.

Born to Mr. and Mrs. William Rains on the 24th a ten pound boy. Mother and child doing well.

Jerome and John Welch found and cut a bee tree last week from which they have taken fifty pounds of fine honey.

The hard wind storm the night of the 23rd scattered the hay shocks all over the fields and the hard rain that followed soaked them through.

The Oage is rising again, we guess the gasoline boat Lilly will get to ply the waters; it has been laying up on account of low waters since the 4th.

Willie Williams of Topeka, Kan., the experienced coal miner, while prospecting on Charles Sutton land struck a fine lead of coal. No doubt it will prove valuable.

There will be religious services at the Wilson grave yard the first Saturday in August conducted by Rev. Dan Driver. There will be dinner on the ground after which they will clean off the grave yard.

H. D. Summer met with a painful accident while trying to shoe a wild horse. The horse kicked him down hurting his leg badly and the sharp point of nail cutting a long dash in the palm of the hand to the bone.

For a lazy liver try Chamberlain's Stomach and Liver Tablets. They invigorate the liver, aid in digestion, regulate the bowels and prevent bilious attacks. For sale by Witten Drug Co.

STATE OF MISSOURI

COUNTY OF MORGAN, ss.

City of Versailles, ss.

I, W. Elliott McVey, Clerk of the City of Versailles, Missouri, hereby certify that the foregoing is a true statement of the receipts and expenditures of the said City of Versailles, Missouri, from April 9, 1903, to June 30, 1903. And I further certify that the above statement of indebtedness is as correct as can be furnished from the records of my office as said Clerk.

In testimony whereof, I have hereunto set my hand as Clerk, with the seal of said City hereto affixed, this 6th day of July, 1903.

W. ELLIOTT McVEY,
City Clerk.

THE DRAUGHT BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a costed tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Thedford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Thedford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Thedford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used Thedford's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a sure cure is certain. For sale by Witten Drug Co.

FACTS BOILED DOWN.

Chili sells Germany \$18,000,000 worth a year of nitrate of soda for use in fertilizers.

We buy from British India \$26,750,000 a year, or eight times as much as we sell that country.

A single stable in which a horse is kept will supply house flies for an extended neighborhood.

Railway employees and their families make up 8 per cent of the population of the United States.

Cars on the Indianapolis & Muncie electric line are to be scheduled at 35 miles in the open country.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Berberine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at Witten Drug Co.

The Democrat and the Kansas City World daily, for \$2.50.

RegisteredPharmacy.

New and up-to-date line of
